

JACQUES TO SAAB HIGH LEVEL INTERFACE

PRODUCT CODE SOF-116-SAAB

OVERVIEW

The Jacques to SAAB High Level Interface (HLI) allows the Jacques Integrated Communication System (650 series) to integrate into the SAAB OneView Security Management System (SMS). Through use of the SMS graphical user interface, operators are able to make intercom calls, terminate intercom calls, monitor intercoms, adjust intercom call volume, select PA zones for activation, make/terminate PA calls, monitor intercom alarms and statuses, soft button intercom Push-To-Talk and soft button PA System Push-To-Talk. The integration of the OneView SMS provides for integrated pop-up controls that enable associated items to be controlled from one pop up menu, including intercoms, doors, lights cameras etc.
